

BDT Pitch Assessment

Each BDT Group will give a 10-minute Pitch, using slides. It should include:

1. BDT project timeline
2. BDT collaboration planning timeline/approach

Each group will then hold a 10-minute evaluation discussion. After this discussion, each individual will be given five minutes to finalize their final scoring. Please hold onto your assessment sheets until the end of the session, when leads will collect them.

Paper copies of the pitch assessment form are available in the breakout rooms, and the pitch assessment form in survey form is available on the Meeting Wiki within this agenda item.
